D. E. VERNON,
AND FAMILY JOURNAL.

The gratifying result is that it possesses by
far the widest circulation and the greatest ad-
vertising patronage in British America.

The efforts which have been made in past
years to keep pace with the progress of Journals
in other countries, will be rewarded in the future. The Editorial Corps has been
strengthened—the staff of Reporters enlarged
and contributions of numerous Correspondents,
at home and abroad, will give new interest
to its columns. The English and Foreign
News is received at the earliest possible moment
by Telegraph and Express. The proceedings
of public meetings, of the Law Courts, and
Municipal Councils are accurately reported
by stenographer, writer, and no expense is
spared in sending copies of Reports to any part
of the country, and transmitting their Reports
by Telegraph for publication the following
morning. The Debates of the House of Assembly,
of each day, are fully and accurately re-
ported in the DAILY EDITION of the following
morning, and carefully condensed for the
WEEKLY EDITION. All matters of Trade, Com-
merce, and Navigation—the proceedings of
the several Boards of Trade—the arrival of ves-
sels at Quebec and inland ports—and every
other subject of interest to mercantile men is
watched with special care, and faithfully
chronicled and commented on. The Markets
and Prices of Great Britain, the United
States and at home, receive special notice.
The Agricultural Interests command that
earliest attention to which there importance
entitles them.

LISTEN to the voice of truth and reason and be profited by it. The time has come that all who will can escape the iron grasp of Mercury, and other mineral poisons, by calling with out delay to the well known and highly celebrated Indian Herb Doctor, P. Tumbley, who will administer those mineral and safe medicines from nature's garden, which has for its author the great and Allwise Physician above.

The following diseases can be cured by Dr. Tumbley in the most obstinate stage of their existence.

1. Diseases of the Lungs, Head, Liver and Throat. Also, Dyspepsia, Dropsey, and all diseases of the Heart, such as Scrofula, Erysipelas, Salt Rheum, Fever Sores, and all other Chronic complaints of years standing.

Persons residing at a distance wishing to consult the Doctor, can do so by letter post paid, enclosing one dollar if they wish for an answer. All letters of this nature will receive immediate attention, and such advice given as can be desired upon the subject.

P. S. The Doctor will also give particular attention to all diseases peculiar to Females and Children. N. B. Medicines put up in a neat and compact form, can be sent free from drainer or express, for a trifling sum to any part of the World, accompanied by full and plain directions for use, thus allowing persons in the interior and most distant parts of the Province to receive a safe and successful course of treatment, without the expense and trouble of visiting the City.

Letters should be directed in a plain bold hand to the Indian Herb Doctor, P. Tumbley, Toronto, c. 22.
